

What is **SPRINT & CO**?

Sprint & CO is a powder mineral complementary feed for calves, designed for early **activation of morpho-functional development of digestive system** into young animals.

Sprint & CO contains a pool of **natural molecules with a high biological value** which support a rapid formation of rumen absorption surfaces. Its application lets the use of company raw materials into weaning feed production.

HOW DOES IT WORK ON?

IT MOVES UP THE CORRECT
DEVELOPMENT OF RUMEN

IT STIMULATES THE IMMUNE
SYSTEM AND FIGHTS AGAINST
OXIDATIVE STRESSES

IT FAVORS STRUCTURAL AND
MUSCLE GROWTHS

IT ACTS DIRECTLY INTO
REDUCTION OF COCCIDIOSIS

WHAT DOES IT CONTAIN?

- ✓ A *natural technological pool* significantly reduces weaning times
- ✓ *Mannoligosaccharides* and *yeast* reduce rumen presence of antagonist bacteria
- ✓ *Yucca Schindigera* natural extract is involved directly into coccidiosis reduction
- ✓ *Carob* has an intestinal astringent function
- ✓ *Maltodextrins* support a constant available energy
- ✓ *Vitamins, Selenium organic, natural extract Rosmarinus* and *Polyphenols* reduce oxidative stresses

PACKAGING

Bag of 10-25Kg
