

## What is **PROGRESS PIG**?

**Progress pig** is a complementary feed for pigs, specifically designed for the **management** and the **prevention of inflammatory processes**.

**Progress pig** contains a pool of selected **natural extracts with high biological value**. The interaction between the several phyto-complexes produces and enhanced "**Equity Balance**" action that allows the immediate transfer of the active components at the metabolic level.

## HOW DOES IT WORK ON?

IT REDUCES INFLAMMATORY PROCESSES

IT IMPROVES THERMOREGULATION

IT PREVENTS DAMAGES CAUSED BY STRESSING EVENTS (transport, vaccination, placement ...)

## WHAT DOES IT CONTAIN?

- ✓ The *Salix alba* natural extract in synergy with *Devil's claw* one performs anti-inflammatory and antipyretic activity
- ✓ *Magnesium oxide* supports the functions of energy metabolism and protein synthesis
- ✓ *Vitamin C* and *Vitamin E* contrast free radicals formation

## PACKAGING

Bag of 25Kg
